

2016 ASHP Midyear Intensive Studies for Recertification

Please note: Continuing Pharmacy Education Credit can be claimed by following general Midyear CE processing instructions outlined in your onsite program book and online.

The information below is intended for pharmacists seeking recertification credit, in one of these areas:

- **Ambulatory Care Pharmacy, BCACP**
- **Critical Care Pharmacy, BCCCP**
- **Oncology Pharmacy, BCOP**
- **Pediatric Pharmacy, BCPPS**
- **Pharmacotherapy, BCPS**
- **Geriatric Pharmacy, CGP**

Several ASHP Midyear Clinical Meeting sessions were developed as a part of ASHP's professional development program* for recertification of board certified pharmacists. These activities are approved by the Board of Pharmacy Specialties (BPS) and/or the Commission for Certification in Geriatric Pharmacy (CCGP). For pharmacists who maintain more than one certification, some of these sessions provide credit for more than one specialty. A range of 4 to 6.5 hours of credit may be earned, depending on the specialty.

How does this work?

1. You must purchase the desired recertification package (BCACP, BCCCP, BCOP, BCPPS, BCPS, CGP) by **December 8th at 12PM PT**. This is in addition to Midyear registration.
2. Attend the sessions at the ASHP Midyear Clinical Meeting in Las Vegas.
3. **Missed an Intensive Study at Midyear?** The recertification package, including recorded sessions, will be available online for all of the sessions in your selected specialty.
4. The assessments will be available online in February 2017. You will receive an email with instructions on how to access your recorded sessions and recertification assessment. Complete and **pass the recertification assessment(s)** for the desired session(s).
5. **Dual or triple certified?** Passing a recertification assessment for a session with multiple certifications will provide you hours for each of your specialties. For example, by passing the assessment for the "Antimicrobial Stewardship for All: What You Need to Know" activity, you earn 1.5 hours toward BCACP, BCCCP, BCOP, BCPPS, BCPS, CGP. You may purchase more than one specialty package.

Note: If you are currently enrolled in the 3-year recertification subscription or the RRRP program, the Intensive Study Package of your selected specialty is already included in your subscription.

Have you already purchased your recertification package?

In order to claim recertification credit, you must have purchased the recertification exam in addition to your Midyear registration.

About Us

ASHP seeks to support and advance the practice of board certified pharmacists. Our review and recertification products are application based and designed for the high-level practitioner who is looking for a practical approach to preparation and recertification that will be immediately applicable to their practice. These are so much more than just another therapeutics lecture.
