Activity Announcement

21st Annual ASHP Conference for Pharmacy Leaders

Planned in cooperation with the ASHP Section of Pharmacy Practice Managers

Activity Type: Application-and Knowledge-based
Activity Date: October 17-18, 2016
CE Credits: 11.5 hours (1.15 CEUs)
Activity Fee: Registration fee required. Click for registration details. Download Registration Form [PDF]

Accreditation for Pharmacists

The American Society of Health-System Pharmacists is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education.

Target Audience

This conference is beneficial for new and seasoned pharmacy managers who are interested in learning about contemporary leadership and management topics that will improve patient outcomes, medication use safety, and the quality of pharmacy services.

Activity Overview

This is the premier conference on today’s topics for effective pharmacy leaders to acquire the tools necessary to achieve success individually and for your organization. This conference has become the “must attend” event for pharmacy leaders!

Select from eight different breakouts that encourage problem-solving and networking with colleagues in small groups. Participants will develop new skills and formulate take-home action plans in these intensive skill-building breakout sessions, including the following:

- Controlled Substance Diversion: Active and Proactive Solutions
- Leadership Communication for the New Healthcare Environment
- Benchmarking and Productivity: Leveraging Data to Drive Results
- System-level Thinking to Effectively Achieve Shared Goals
- Financial Management: Telling the Patient’s Story Accurately, Completely, and in a Codeable Fashion
- Leading the Pharmacy Workforce for the Future
- Practical Strategies for Compliance with USP <800> Performing an Assessment of Risk
- Population Health Management: Finding the Sweet Spot for Your Organization

Learning Objectives

After participating in this conference, participants should be able to:

- Discuss models organizations can use to efficiently manage patient care challenges.
- Review common challenges health systems face when implementing health information technology (HIT).
- Review approaches for establishing interprofessional team(s) charged with monitoring, managing, and educating health-system employees on drug diversion.
- Discuss critical leadership skills that are necessary to ensure the successful delivery of pharmacy services in the health system.

Activity Announcement

Methods and CE Requirements
All sessions and breakouts consist of faculty slide presentations, active learning activities, discussions, and session materials. Participants must attend each session in its entirety to get the CE Attendance code to claim continuing pharmacy education credit online at ASHP eLearning Portal. No partial credit. Follow the prompts online to complete the evaluation, claim credit and view the statement of credit immediately but no later than by December 15, 2016.

Per ACPE requirements, CPE credit must be claimed within 60 days of being earned.

System Technical Requirements
System Requirements Courses and learning activities are delivered via your Web browser and Acrobat PDF. Users should have a basic comfort level using a computer and navigating web sites.

View the minimum technical and system requirements for learning activities.

Acknowledgements of Commercial Support
The conference is supported in part by an educational grant from Merck.
