

20th Annual ASHP Conference for Pharmacy Leaders

Planned in cooperation with the ASHP Section of Pharmacy Practice Managers

Activity Type: Application-and Knowledge-Based

CE Credits: 11.5 hours (1.15 CEUs)

Activity Fee: Registration fee required. See [registration form](#) for details.

Accreditation for Pharmacists

The American Society of Health-System Pharmacists is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education.

Target Audience

This conference is beneficial for new and seasoned pharmacy managers who are interested in learning about contemporary leadership and management topics that will improve patient outcomes, medication use safety, and the quality of pharmacy services.

Activity Overview

This year's conference, Transforming Patient-Centered Care for the Future, will prepare you to acquire the tools necessary to achieve success individually and for your health system. This conference has become the “must attend” event for pharmacy leaders!

Select from six different breakouts that encourage problem solving and networking with colleagues in small groups. Participants will develop new skills and formulate take-home action plans in these 3.25-hour, intensive skill-building breakout sessions – including:

- Optimizing Clinical Pharmacy Services by Enhancing Clinical Decision Support
- Population Health and Patient-Centered Medical Homes: New Opportunities for Pharmacists
- Implementation Essentials for Pharmacist Credentialing and Privileging
- Effectively Transforming Pharmacy Workforce For Sea-Change In Healthcare
- Excellence Doesn't Just Happen: Using the Pharmacy Forecast and Strategic Planning to Chart Your Future
- Implementing a Proven Program to Take the Best Possible Medication History: How to Run “Medication Reconciliation Practitioner (MRP) University” at Your Institution

Learning Objectives

After participating in this conference, participants should be able to:

1. Review new models of care and market shifts in the U.S. healthcare market place.
2. Discuss the perspectives of the c-suite on ambulatory care needs in infrastructure, management of work force, and business partnerships to ensure sustainability and success.
3. Describe pay for performance and bundled care.
4. Describe population health and how it is being defined and implemented in healthcare settings.
5. Examine the implications of technology and personalized medicine for health systems.
