Developed by the leading continuing education provider in the country, and the leading preparatory content experts and faculty, this course is different than your average review course. Our complex case-based, interactive approach goes against the didactic learning norm, and engages the attendee in a way that is sure to have a meaningful and lasting impact on their practice. Review course participants follow “patients” in real life scenarios from initial presentation, medical history, risk factors, and complications throughout their treatments and outcomes. Participants learn as they apply various treatment options based on national standards and guidelines. Strong emphasis is placed on the thought processes needed to solve patient care problems in each therapeutic area. As patient cases are discussed, faculty members are there to present the best answer to questions that illustrate key concepts.

Live BPS Pharmacotherapy Review and Recertification Course

This complete two-day course provides a robust preparatory curriculum for the high level pharmacy professional planning to take the examination, or those seeking recertification or a refresh in therapeutics. Designed based on the domains, tasks, and knowledge statements developed by BPS for the examination, the course will help you prepare for the exam by identifying areas needed for in-depth review of pharmacotherapy issues.

Highlights of the ASHP review course include:

- Interesting, application-based review course approach using complex, case-based interactive learning for high level practitioners and specialists
- Includes regulatory and population health issues not covered in other review courses, which accounts for 20% of the BPS exam
- Every topic area contains public health and patient advocacy information
- Complete coverage needed to confidently prepare for the exam in only 2 days! Saving you time away from work and home, and drastically reducing travel expenses
- Developed by leading continuing education provider in the country and leading preparatory content experts

Three Reasons for New Practitioners to Support ASHP-PAC

- Your patients need you. A strong ASHP-PAC is key to achieving provider status. A well-funded PAC will help ensure that you’re able to practice at the top of your license and provide care for patients.

- It’s an investment in your future. Even small contributions make a difference. Your contribution, combined with your colleagues, allows ASHP to build more relationships with members of Congress who support your role in patient care.

- It’s just like CE: Treat giving to ASHP-PAC like fulfilling CE requirements to maintain your license: As a professional obligation. Supporting the PAC helps ensure the continued viability of the profession. Get started today and make giving to ASHP-PAC a habit throughout your career.

Contribute to the PAC and become part of ASHP’s political voice. Join us on December 8 for the PAC Donor Reception.

Keynote Address
JAY LENO

Acclaimed TV late night show host, admired stand-up comedian, best-selling children’s book author, much-in-demand speaker, lovable TV and movie voice-over artist, pioneering car builder and mechanic, and philanthropist… it’s no wonder that Jay Leno is widely characterized as “the hardest working man in show business.”

Jay Leno’s late night television ratings domination included more than two decades of “The Tonight Show with Jay Leno,” winning every consecutive quarter of his hosting over the past 19 years. He has been honored with an Emmy for “Outstanding Comedy, Variety or Music Series.” “The Tonight Show” has also taken home the trophy for “Favorite Late Night Show” in the annual TV Guide Awards determined by voting viewers, and he will shortly be installed in the Television Academy’s Broadcast Hall of Fame.

Anaheim consistently receives the highest ratings for overall Midyear satisfaction!

The OC’s ideal climate, convenient travel; and multiple updates, including expanded hotels plus new dining and entertainment options; make it the perfect location for this MUST attend pharmacy event of the year. If you only do one thing for yourself and your practice this year, this is it!

The educational activities at ASHP’s Midyear Clinical Meeting are developed to maintain and enhance the knowledge, skills, and abilities of pharmacists and associated personnel in all clinical areas and practice settings. A dynamic venue for instruction on important issues relevant to contemporary pharmacy practice, the meeting’s five full days of continuing education sessions and networking opportunities are unmatched anywhere.

ASHP’s Closing Party—Emphasis on PARTY!

WEDNESDAY, DECEMBER 10
7:30 p.m.–11:00 p.m. (time subject to change)

Remember that great party that had everyone talking for months and you were so bummed you missed it?
This is that party! ASHP is hosting an EXCLUSIVE, must-attend event at one of the hottest party venues in the OC and only Midyear attendees will be on the list!

Rock on! Party with us at the world famous House of Blues in Downtown Disney. We’ll supply the food, drinks and entertainment, you bring your inner rock star!

Olé! Head over to Tortilla Jo’s for some south-of-the-border specialties!
Enjoy homemade food in the vibrant, Mexican setting while listening (or dancing) to a strolling mariachi band.
