Programming for Residents and New Practitioners

Sunday, December 4

If you are in your first five years of pharmacy practice, you're probably still finding your way — and your concerns, needs, and interests aren't the same as those of your preceptors and mentors.

ASHP developed this programming to address the transitioning needs of residents and new practitioners at the Midyear Clinical Meeting. Explore workplace challenges, mentorship, and clinical issues in an encouraging and motivational atmosphere.

Best of all, entry into this programming is included in your full Midyear meeting registration fee.

Ensure your success. Spend your weekend with other residents and new practitioners, and see your way to a great future.

Career Development

Learn tips and tricks that your colleagues have used successfully to advance their careers.

Mastering Your Clinical Practice

On a day-to-day basis, you must demonstrate you are competent, professional, intelligent, and credible. Learn ways to improve your clinical skills, regardless of your practice area.

ASHP Specialty Certification Opportunities for Residents and New Practitioners

ASHP has instituted a special program for residents and new practitioners who seek to earn a specialty certification. The Review and Recertification Reward Program (RRRP) will prepare you for the exam at no cost, and offers an affordable and diverse library of recertification programs for your first complete recertification cycle.

ASHP's 2017 Review and Recertification Reward Program

Programs available in 2017 for:
Ambulatory Care Pharmacy | Critical Care Pharmacy
Pediatric Pharmacy | Pharmacotherapy

- \$0** ASHP Live or Online Review Course
- \$0** Practice Exam & Core Therapeutic Module Package
- \$10/mo** All Your Recertification Needs

What is included in the program?

- **ASHP's online or live review course in Pharmacotherapy, Ambulatory Care, Critical Care, or Pediatric Pharmacy.** Participants can choose to participate in the live review course (June 3-4, 2017, in Minneapolis, Minn) or the online course at their convenience. Participants who choose to attend the live course also receive access to the online course for further self-study. ASHP's review courses are practical, scenario-based, and designed to identify your knowledge gaps.
- **ASHP's highly rated online practice exam.** Our online assessment is a compilation of over 100 practice questions designed to simulate the board exam. The answer key includes the rationale of the correct answers, links to the reference sources, and the domains, tasks, and knowledge statements for each question.
- **ASHP's Core Therapeutic Modules.** These online activities are designed as a library of modules to customize your own self-study program and serves as a foundation to help fill knowledge gaps in various topics or disease states.
- **ASHP's complete online recertification library (once you pass the exam).** Use our highly-praised recertification programs for your first BPS certification cycle for only \$10 a month. That's guaranteed to stay at \$10 a month for the entire seven-year cycle and will meet all (and more!) of the required 100–120 hours of your recertification needs. You won't have to pay a cent until you successfully pass your BPS exam and your recertification cycle begins in January 2018.

The 2017 RRRP program opens in November 2016.

Mandalay Bay H, Level 2, Mandalay Bay
South Convention Center
8:30–9:45 p.m. Doors open at 7:30 p.m.

FEATURED ENTERTAINER: SEBASTIAN MANISCALCO

Saying what we're all thinking has always been Sebastian Maniscalco's specialty, so join friends and colleagues for a must-attend, after-dinner show to see for yourself why Sebastian Maniscalco has become one of the most sought-after comedians today.

OPENING ACT: SCOTT KEO #1 Michael Bublé tribute act in the U.S. and Canada

After Party: The fun continues after the show! LIGHT Nightclub, located in Mandalay Bay, is extending complimentary entry to ASHP attendees and exhibitors with a meeting badge (value \$30 for men, \$20 for women). LIGHT combines cutting-edge creativity with incredible music, to produce a new kind of nightlife experience you won't want to miss! Additional details and ticket information for the Wednesday Evening Events can be found on the Midyear meeting website under the Events tab.
