**ONE PURPOSE:** IMPROVING PATIENT CARE

**SUMMER MEETINGS & EXHIBITION 2017**

**JUNE 3-7, 2017**
I attend the Summer Meetings because I get all the education and networking I need, similar to [the Midyear Clinical Meeting], but in a more intimate setting.

— Francine A. Farnsworth, PharmD, BCPS, CPE, FASHP
Take part in a unique and effective learning model that is revolutionizing the way health professionals participate in live meetings. Participate in one of four content-targeted meetings happening concurrently at the ASHP 2017 Summer Meetings. Make meaningful connections while you focus and participate in education and networking events with like-minded peers across the healthcare spectrum.

**REGARDLESS OF WHICH MEETING YOU CHOOSE TO ATTEND, YOU CAN ACCESS ALL OF THE SESSIONS AND EVENTS HAPPENING AT ANY OF THE FOUR MEETINGS.**

It's the best of both worlds — specific and focused education and networking in your specialization with the ability to sample other areas of interest.

**IN ADDITION, ALL MEETING REGISTRANTS WILL HAVE ACCESS TO:**

- Over 18 hours of education presented by distinguished faculty
- Networking with interprofessionals and pharmacy leaders
- Peer-to-peer problem solving events and social gatherings
- Grand opening reception and lunch buffets
- Vendor exhibits
- Keynote address
- House of Delegate activities
- Pre-meeting BPS Review and Recertification (separate registration)
- And so much more!
JOIN US THIS JUNE IN MINNEAPOLIS, MINN.,
the birthplace of the Medication Safety Collaborative! Four years ago, we launched the first of the Summer Meetings boutiques in Minneapolis to rave reviews. Not only were participants thrilled with the programming and networking they experienced, but they also gave the city and the convention center top scores. We are excited to be heading back to where it all began for a unique and valuable professional development opportunity.

Visit the Summer Meetings website to register, and learn more about the content-targeted meetings and what you can expect in Minneapolis!

PREMEETING SPECIALTY CERTIFICATION REVIEW AND RECERTIFICATION COURSES

JUNE 3-4, 2017
HILTON MINNEAPOLIS

- Ambulatory Care Review Pharmacy and Recertification Course
- Critical Care Review and Recertification Course
- Pediatric Pharmacy Review and Recertification Course
- Pharmacotherapy Review and Recertification Course

ASHP offers a contemporary and practical way to prepare for certification exams through an in-depth review that identifies areas needed for further self-study.

Experience a different approach to exam preparation
Our course is best suited for practitioners who are looking for a practical, hands-on, and real-life approach to learning. Our review course participants follow patients in real-life scenarios from initial presentation, medical history, risk factors, and complications throughout their treatments and outcomes. Participants learn as they apply various treatment options based on national standards and guidelines. Strong emphasis is placed on the thought processes needed to solve patient care problems in each therapeutic area. As patient cases are discussed, faculty members are there to present the best answers to questions that illustrate key concepts.

Highlights of the ASHP review and recertification courses include:
- Interesting, application-based approach using complex, scenario-based, interactive learning for high level practitioners and specialists. Practice questions are incorporated throughout all presentations.
- Practice exam with 100+ practice questions with explained answers and links to recommended readings for further self-study.
- 2 days of engaging specialty education saving you time away from work and drastically reducing travel expenses.
REGISTER YOUR WAY

This year, you can select from one of three ways to register:

- **Basic Review Course**: includes live course with educational materials (PDF) and practice exam
- **Premium Review Package BEST VALUE**: includes live course with educational materials (PDF); online course; core therapeutic module package; and practice exam
- **Recertification Package**: includes live course with educational materials (PDF), online course, and recertification assessment (for those seeking BPS recertification credit only)

Separate registration fee required. You do not have to be registered for any of the Summer Meetings to attend. **However, a 20% discount towards the Summer Meetings is offered to all review course participants!** For more information, agenda, faculty list, and to register, visit any of the Summer Meetings websites and click on the EDUCATION tab.

The Ambulatory Care Specialty Review and Recertification Course is offered through a partnership between ASHP and the American Pharmacists Association (APhA).
STAY INNOVATIVE

Speak with the leaders in pharmacy innovation and visit vendors who may have the solution that you are looking for! With our improved hours, you can visit the exhibit hall to view the latest in pharmacy products and services without conflicting with most education sessions. Exhibitors are also able to set one-on-one appointments or schedule small private demos throughout the day. Plus you will find a hosted lunch!

A Revolutionary Event to Change the Way You CONNECT

What keeps you up at night? What challenges do you face in your practice? Wouldn’t it be nice to find the solution at the meeting?!

Making meaningful connections and bringing back takeaways from live conferences is sometimes the most critical aspect of attending a meeting, yet all too often it fails to happen. That’s about to change.

ConnectLIVE! is a setting for information exchange that will revolutionize how we connect. Our participant-centric model will ignite your passions, address your challenges, and engage you in an interactive event that defies the norm. It’s networking on steroids, designed to help you connect with the information, resources, and ideas you’re looking for to tackle your most pressing issues. Accelerated by peer-sharing, the results are new connections, better engagement, and guaranteed takeaways to improve your practice and help you do your job faster, better, and easier. Best of all — this year participants will also earn continuing education in their field!
The Ambulatory Care Conference (AC2) is an event for forward-thinking pharmacists and provides the best opportunity to participate in a community focused on creating a foundation for advancing ambulatory care practice. Attendees will learn and discuss hot topics and emerging issues facing contemporary practice, while networking with colleagues who face similar challenges in ambulatory settings.

“I like how the Summer Meetings are broken into four [content-targeted] meetings which gives me access to experts across many fields, and the opportunity to sample from all my areas of interest.”

— LCDR Morgan Walker, Pharm.D., M.B.A., CPH
**EDUCATIONAL OBJECTIVES**

After participating in the 2017 Ambulatory Care Conference, participants should be able to:

- Describe opportunities and challenges to advance pharmacy practice, improve safety, and enhance outcomes in ambulatory practice settings.
- Evaluate models of practice and billing that may be incorporated in your practice setting.
- Assess current and future staff development needs to support advanced practice of the healthcare team.
- Develop a list of available resources to advance your ambulatory practice.

**TARGET AUDIENCE**

Activities are planned and structured to meet professional development needs of pharmacists in a variety of acute care settings, including physician offices, hospital-based clinics, and integrated systems. Content is planned for pharmacists and leaders at all levels of practice and relevant to policymakers, consultants, vendor representatives; and other professionals interested in networking, education, and practice updates on the most current topics shaping the profession today.

**ACPE ACCREDITATION**

The American Society of Health-System Pharmacists is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education.

Some states have special requirements for program content to meet their requirements for continuing education. Please check with your state to determine if such requirements exist and to determine if these programs meet those requirements.

All CE must be claimed within 60 days of the live activity; no partial credit is granted.

**FLORIDA DEPARTMENT OF HEALTH CONTINUING EDUCATION CREDITS**

Florida-licensed pharmacists must self-report their meeting CE credits to CE Broker. ASHP is not offering Florida Consultant Pharmacy CE at this meeting.

**PHARMACISTS**

ASHP determines the number of contact hours for each session. Registrants may earn up to 19.25 contact hours (1.925 CEUs) at the 2017 ASHP Summer Meetings Ambulatory Care Conference.

“

At Summer Meetings, I’ve gotten a lot of opportunities to network one on one with people I maybe wouldn’t have had the chance to network with at other meetings.

— Kristy Nguyen, Doctor of Pharmacy/Master of Business Administration Candidate Class of 2017
The Informatics Institute (I2) will provide high-quality, advanced programming designed for informaticists to innovate and improve the use of information technology in all patient care settings. Attendees will participate in interactive learning and walk away with practical skills needed to improve efficiencies. Each session in I2 was designed to build upon the previous session with a strong focus on creating value to reduce costs.

**A Revolutionary Event to Change the Way You Connect**

Making meaningful connections at live conferences is sometimes the most critical aspect of attending a meeting, yet all too often, it fails to happen. That’s about to change.

At ConnectLIVE, ASHP will change the way you network at live meetings and revolutionize how we problem solve with our facilitated, participant-centric model. It’s networking on steroids accelerated by peer sharing; and in the end it will help you find the connections and solutions you need to do your job faster, better and safer.
GENERAL EDUCATIONAL INFORMATION

EDUCATIONAL OBJECTIVES

After fully participating in the 2017 Medication Safety Collaborative, participants should be able to:

• Explore strategies to support regulatory compliance and enhancing patient safety in managing medication therapy in your practice setting.
• Assess at least three strategies that have been shown to be effective to reduce medication errors through changes in your EHR and computerized order entry systems.
• Analyze the results and recommendations of recently published papers to apply in your practice or your organization.
• Develop strategies for incorporating information into actionable scorecards and dashboards.

TARGET AUDIENCE

Activities are planned and structured to meet either the knowledge-based or application-based educational needs of pharmacists, nurses, physicians, and associated personnel in a variety of healthcare systems. This includes those practicing in large and small hospitals, managed care facilities, inpatient facilities, outpatient clinics, and homecare settings, as well as in academia and the pharmaceutical industry.

ACPE ACCREDITATION

The American Society of Health-System Pharmacists is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education.

Some states have special requirements for program content to meet their requirements for continuing education. Please check with your state to determine if such requirements exist and to determine if these programs meet those requirements.

All CE must be claimed within 60 days of the live activity; no partial credit is granted.

FLORIDA DEPARTMENT OF HEALTH CONTINUING EDUCATION CREDITS

Florida-licensed pharmacists must self-report their meeting CE credits to CE Broker. ASHP is not offering Florida Consultant Pharmacy CE at this meeting.

PHARMACISTS

ASHP determines the number of contact hours for each session. Registrants may earn up to 19.75 contact hours (1.975 CEUs) at the 2017 Medication Safety Collaborative.

PHARMACY TECHNICIANS

Educational sessions at the 2017 Summer Meetings satisfy the requirement pertaining to pharmacy-related subject matter and are acceptable for certified pharmacy technicians. Sessions for technicians are designated with a “T” following the ACPE number. For further information, contact PTCB at 800-363-8012 or contact@ptcb.org.

PHYSICIANS

The American Society of Health-System Pharmacists is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The American Society of Health-System Pharmacists designates the activities in the Medication Safety Collaborative for a maximum of 19.75 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

NURSES

Educational Review Systems is an approved provider of continuing education in nursing by ASNA, an accredited provider by the ANCC/Commission on Accreditation. Provider # 5-115. This program is approved for 19.75 hours of continuing nursing education.

Educational Review Systems is also approved for nursing continuing education by the state of California, the state of Florida, and the District of Columbia.
PHARMACY, PRACTICE & POLICY

Pharmacy, Practice & Policy is an event for directors, managers, and thought leaders in contemporary practice. Attendees will gain practical perspectives on the following topics: Leadership, Operations Management, Clinical Practice, and Policy and Compliance. Participants will learn not only how to be productive leaders amid a perpetually changing pharmacy landscape, but also how to properly identify opportunities and challenges. Throughout the meeting, you will network with profession stakeholders to exchange ideas, and analyze the latest practice advancements and to lead your team to success.

Making meaningful connections at live conferences is sometimes the most critical aspect of attending a meeting, yet all too often, it fails to happen. That’s about to change.

At ConnectLIVE, ASHP will change the way you network at live meetings and revolutionize how we problem solve with our facilitated, participant-centric model. It’s networking on steroids accelerated by peer sharing; and in the end it will help you find the connections and solutions you need to do your job faster, better and safer.

Hands down the best networking opportunity with pharmacy leaders.

— Adam Smith
Pharm.D. Candidate 2017
EDUCATIONAL OBJECTIVES

After participating in the 2017 Pharmacy, Practice & Policy meeting, participants should be able to:

• Contribute to leading change in one’s professional setting.
• Identify opportunities and challenges posed for the future of pharmacy.

TARGET AUDIENCE

Activities are planned and structured to meet either the knowledge-based or application-based educational needs of pharmacists and pharmacy technicians in a variety of healthcare systems. This includes pharmacists and leaders at all levels of practice, from front-line practitioners to seasoned leaders of multi-hospital systems; it is also relevant for policymakers, consultants, vendor representatives, and other professionals interested in networking, education, and policy updates on the most current topics shaping the profession today.

ACPE ACCREDITATION

The American Society of Health-System Pharmacists is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education.

Some states have special requirements for program content to meet their requirements for continuing education. Please check with your state to determine if such requirements exist and to determine if these programs meet those requirements.

All CE must be claimed within 60 days of the live activity; no partial credit is granted.

FLORIDA DEPARTMENT OF HEALTH CONTINUING EDUCATION CREDITS

Florida-licensed pharmacists must self-report their meeting CE credits to CE Broker. ASHP is not offering Florida Consultant Pharmacy CE at this meeting.

PHARMACISTS

ASHP determines the number of contact hours for each session. Registrants may earn up to 19.25 contact hours (1.925 CEUs) at the 2017 Pharmacy, Practice & Policy meeting.

"I enjoy not only the size and the networking opportunities, but also the ability to influence policy in order to accomplish the goals of our membership."

— Leigh Fritz, Pharm.D., M.S.
THE EARLIER YOU REGISTER, THE MORE YOU SAVE.

Register before May 29, 2017.

If you miss the pre-registration deadline, onsite registration will be available. ASHP discounted member rates also apply to members of collaborating organizations and of the Canadian Society of Hospital Pharmacists (CSHP). Register online or call 1-866-279-0681.

Four meetings, one registration

Attendees will have complete and total access to all the sessions and events happening at any of the four concurrent, content-targeted conferences:

- Ambulatory Care Conference (AC2)
- Informatics Institute (I2)
- The Medication Safety Collaborative (MSC)
- Pharmacy Practice & Policy

CE for non-pharmacists is available only for sessions held at the Medication Safety Collaborative.

MINNEAPOLIS: A CITY BY NATURE

Minneapolis is the perfect blend of natural beauty and urban sophistication. No other American city has a chain of lakes, the nation’s best parks, and 200 miles of walking, biking and jogging trails — just steps from the most vibrant arts and music scene outside New York City.

If you attended the 2013 Summer Meetings, or have been to Minneapolis before, chances are there’s a lot that’s changed since your last visit. Minneapolis is a city that is constantly growing and offers something for everyone. In fact, Minneapolis is consistently ranked nationally for cleanliness, safety, health and all sorts of other bests, tops, and mosts.

LIST OF ACCOLADES INCLUDES:

- Less than a three hour flight from anywhere in the continental US
- One of the top summer destinations in the world according to Travel & Leisure
- Voted one of the best places to visit by NY Times
- Ranked as one of the best cities for active lifestyles
- Rated in the top 10 "Best Local Food Scene" by USA Today
- Plus so much more!
